Ex Officio Directors

Standing committee chairs who are not elected directors of the board serve *ex officio* as non-voting directors for the duration of their committees' existence.

Assistant Officers

The Secretary and Treasurer may appoint any number of Assistants. Appointments may be withdrawn at any time by the appointing officer, and automatically "sunset" at the end of the appointing officer's term unless renewed. Assistant officers who are not elected members of the board are not considered directors and do not have *ex officio* director status.

Directors Emeritus

The Board may grant the title of Director Emeritus upon any person who has served as a Director but who is not currently a Director. Directors Emeritus shall have rights of the floor at all meetings, shall receive all notices sent to Directors, may participate in debate as any active Director, and shall otherwise be treated as a Director, except that Directors Emeritus shall not have a vote and shall not count toward quorum requirements.
